All such nominations shall be subject to the confirmation of the Committee at its next Meeting.

A donation of £1,000 will be accepted as endowment of one adult bed, or a donation of £500 as an endowment of one child's cot. Smaller donations may be accepted by the Committee for the endowment of beds or cots for a limited period; £500 to be the minimum for an adult bed, and £250 for child's cot; ten years to be the minimum period in each case. Any such donation may be recorded on a tablet bearing the Donor's name or any inscription approved by the Committee placed on or adjacent to the bed or cot.

**Thirteenth Annual Report of the Committee and Statements of Accounts for 12 months ended 31st December, 1927, for presentation to the Governors at the Thirteenth Annual Meeting to be held at the Hospital on Wednesday, 25th April, 1928, at 8-30 p.m.**

The Committee beg to submit herewith their report.

The statistics are as follows :—

	1927	1926
Total number of bed days† .....	4938	4000
Average number of beds occupied daily .....	13.5	11
Patients in Hospital at beginning of year .....	11	12
„ admitted during year .....	222	212
„ treated during year .....	233	224
„ in Hospital at end of year .....	10	11
„ treated to conclusion .....	223	213
Average number of days per patient .....	21.2	17.9

(†Includes day of admission and day of discharge, half day being deducted for each case discharged).

Of the cases treated, classified as under, 76 required operation and 125 received X-ray investigation.

Accident .....	111
Surgical .....	76
Medical .....	46
Total .....	233

Of these there were :—

Cured .....	149
Relieved .....	62
Died .....	12
Undischarged .....	10
Total .....	233

In addition out-patients attendances numbered 1,536, involving 171 minor operations.

A considerable increase in number of Bed-days over the previous year will be noted, this being due more to the extended number of days per patient than to the larger number of patients treated.

In a Hospital provided specifically for Accident and Emergency cases, there should always be some accommodation in reserve, immediately available to meet urgent and serious cases.

On several occasions in 1927 this was not the case, all of the beds being occupied, and if this state of affairs continues the question of extension will require to be seriously considered.

It is with deep regret that the Committee record the loss through death of :—

Mr. Arthur Isaacson.

Mr. Samuel Hill.

Councillor George Atkin.

Mr. Isaacson was a member of the original Committee, and a Vice-Chairman; Mr. Hill was also one of the original members, and Mr. Atkin was the representative of the Liverpool Corporation.

High appreciation is expressed of their services.

OPERATING TABLE.—Representations having been made by the Medical Board of the urgency for a better and safer Operating Table a sub-committee was appointed to consider the matter and report.

When the report of the sub-committee was received, recommending the St. Bartholomew Operating Table, costing approximately £135, it was announced that Dr. R. Calvert Crooke, who had taken a special interest in the matter, desired to present the new Table to the Hospital.

The Table was duly purchased and installed, it has already proved of great service, and for this generous gift from their colleague the Committee are very grateful.

STAFF.—Miss May Gates, who had held the position of Matron for 7 years, resigned in June, 1927, and the Committee desire to place on record their appreciation of her loyal and efficient services.

FINANCE.—Lists of Donations and Subscriptions and Statements of Accounts for 12 months ended 31st December, 1927, duly audited by Mr. Edward J. Deane, are appended.

Despite the considerable increase in Bed-days, total expenditure is less than in the previous year by £9, and the cost per patient per diem is the lowest on record since 1919.

Income is lower by £28, but it has still been practicable to transfer to the Endowment Fund the sum of £275.

Special thanks are given to the Garston Hospital Charities Committee for the following Donations :—

Proceeds of Ball ..... £75

Proceeds of Flag Day ..... £23

and to the Garston Carnival Committee :—

Charity Football Cup Competition £20.

LIVERPOOL VOLUNTARY HOSPITALS COUNCIL,  
1d. in the £ CONTRIBUTORY FUND.—This scheme, which has proved very successful in other cities, was launched in Liverpool in 1927.

Under it, Employees are invited to contribute one penny in each complete £ of their wages, and Employers to add a subscription equal to one third of the total amount contributed by their employees.

Contributors to the Fund and their dependents are entitled to free maintenance on admission as In Patients, and to free Out Patient service at all the Hospitals participating.

Your Committee, after full and very careful consideration, have decided to participate in the scheme.

As a considerable proportion of our income in the past has been derived from contributions from Employers and Employees, which under the new scheme would be pooled, it is recognised that our Hospital may not gain from it financially to any material extent; there is, on the contrary, some risk of loss.

The larger Hospitals, however, will undoubtedly benefit very materially, and it is felt that the interests of the City as a whole should be the first consideration.

It should be said also that, in order to safeguard our position as far as is possible, the Liverpool Council have agreed to the Garston Firms allocating a proportion of their contributions to our Hospital.

The Committee desire to thank very heartily the Donors and Subscribers, and to express their appreciation of the services of the Medical Board, the Clergy, and the Matron and her Staff.
